

Obituary

Born: Thursday, September 29, 1932

Died: Thursday, December 12, 2019

Joyce B. Walker, 87, went to be with the Lord on December 12, 2019, in TN after a brave battle with Dementia and Cancer. Joyce was born in Australia to her beloved Mother, also an Australian, and her dear Father, a British gentleman, and fine artist. Married in Australia to her first husband Joseph, an American, her family later moved to the United States. After becoming a widow, Joyce later earned her BSN, and worked on her MSN and served for many years as a nurse in hospitals, VNA, and for the State of Florida. In the mid-'90s, Joyce then married Ed Walker. After living in FL, they moved to TN and lived there until their deaths. Joyce loved the arts, fine culture, classical music, gardening, and everything British and proper, and Joyce's heart her whole life, truly belonged to Australia and all things European.
